SIR,

With reference to your letter No L 6741 dated 20th March 1930 calling for definite proposals, if any, in the matter of raising a loan for tarring the roads in the City, I have the honour to state that the Municipal Council resolved on 22nd February 1930 that Government be requested to advance one lakh of rupees at concession rate of interest for carrying out a comprehensive scheme of tarring roads in the City, and that the City Improvement Trust Board be requested to contribute Rs 5000/ every year for this improvement. A copy of the Resolution is enclosed.

The matter having been referred to the Trust Board, they approved in their meeting dated 22nd March 1930, the proposal to contribute every year Rs 5,000 for 10 years from Trust Board funds for the purpose. A copy of their Resolution is also enclosed.

Details of the scheme will be placed before the Council on the 29th instant, and the same forwarded to Government with the Council's Resolution thereon. Early sanction is solicited to the loan. Due provision will be made in the budget of the next year and subsequent years for the instalments of repayment of the loan.

SIR,

In continuation of my letter No G T 1494 dated the 24th March 1930 regarding the tarring of roads in the City I have the honour to forward herewith a copy of Municipal Council's Resolution No 311 dated 29th March 1930 increasing the loan to be raised to Rs 2 00 000/- As for repayment towards the additional loan of one lakh of rupees it was resolved that a sum of Rs 50 000/- out of the additional loan of one lakh of rupees may be borne by Government out of the annual grant of Rs 5 000/- from the Public Works Department for the Provincial roads - the balance of Rs 50 000/- with interest being repaid by Municipal Council and the Trust Board in the proportion of 2 1

Estimates aggregating to Rs 2 09 000/ for tarring the important roads in the City were placed at a Special Meeting of the Municipal Council held on the 10th April 1930 and they have been approved by the Council (Vide copy of resolution enclosed)

The Council's Resolution of the 29th March 1930 to raise a further loan of one lakh of rupees and that of the 10th instant approving the estimates for Rs 2 09 000/- were circulated among the members of the Trust Board who have accepted the same agreeing to an annual contribution of Rs 3 000/- out of their funds towards the additional loan

loan of one lakh of rupees

Out of the loan of Rs 2 lakhs a sum of Rs 50 000/- is expected to be contributed by Government being contribution from State Funds for the maintenance of Provincial Roads for the next ten years at the present ^{loan Rs 2} rate of Rs 5 000/- per annum Towards the balance of Rs 1 50 000/- with interest thereon the Trust Board has agreed to contribute Rs 8 000/- per annum for the next ten years - the rest being paid from Municipal Funds *The excess of Rs 9000 over and above the loan of Rs 2 lakhs will be provided for in the next year's Municipal budget*

Net In view of the contribution from the Trust Board and the increased toll revenue anticipated from enhanced rates of toll on motor vehicles proposed with effect from the next year no difficulty is anticipated for repayment of the loan

I solicit sanction of Government to the above resolutions of the Council and the Trust Board

Of the duplicate copies of the estimates with report and plans to be forwarded one copy has been forwarded direct^r the Chief Engineer for favour of scrutiny and transmission to you The other copy is herein enclosed for favour of early sanction

10th April 1930

Memorandum

In connection with the scheme of tarring certain important roads in the City it was resolved by the Board on 22nd March 1930 that an annual contribution of Rs 5,000/- for 10 years may be paid from Trust Board funds

2 The matter was again considered by the Municipal Council at their meeting held on 29th March 1930 and it was resolved that the proposed loan of Rs 1,00,000/- be increased to a loan of rupees two lakhs- a sum of Rs 50,000 out of the additional loan of rupees one lakh being borne by Government out of the annual grant of Rs 5,000 from D P W for the Provincial roads- the balance of Rs 50 000/- with interest being repaid by the Municipal Council and the Trust Board in the proportion of 2 1

3 A copy of the said Resolution with the connected papers and an abstract statement of the several important roads proposed to be tarred as approved by the Council are herewith circulated for reference

4 I would therefore propose that the Board may be pleased to sanction an additional annual contribution of Rs 3,000/- for the said improvement in the circumstances stated by the Municipal Council

5 As the Government have been pressing for very early submission of definite proposals in the matter the papers are
circulated

to the trustees for favour of approval

Note on the tarring of important roads in Mysore

City

In pursuance of the Municipal Council Resolution No 311 dated 29th March 1930 in the matter of obtaining a loan from Government for carrying out a comprehensive scheme of tarring the important roads in the City, 22 roads (aggregating to a length of 99½ furlongs or nearly 12½ miles) as enumerated in the general abstract estimate herein appended are proposed to be worked out at a total cost of Rs 2 09 000/-.

The estimate is prepared on the basis of data arrived at during last execution the material proposed for painting being "Spramex" For Viceroy and Chamaraja roads which have been recently consolidated and are ready for tarring provision for metal collection of an average quantity of only 15 cubic yards per furlong has been made for emergent requirements A sum of Rs 5 000/- (being half the cost of a steam road roller) has been provided for purchasing one roller the balance of half the cost being met out of the normal resources of the Municipality during 1930-31 For unforeseen works a further sum of Rs 4 936/- has been reserved in the estimate

Early sanction to the proposal is therefore requested

Dear Mr Singaravelu Mudaliar

I shall feel much obliged if you will kindly submit the following matter to the kind notice of the Dewan Sahib

Yesterday the Council agreed to my proposal to approach the Government for the loan of another lakh of rupees for tarring -- roads or two lakhs in all. Lest I should appear reckless in proposing such a large loan, I just wish to explain how the question of ways and means for repayment of the loan does not seem to be difficult. The total amount due to Government on this account would be Rs 2 lakhs principal repayable in ten annual instalments of Rs 20 000 each and Rs 66,000/- total interest at 6% for ten years on the amount outstanding from year to year i.e 2 lakhs in the 1st year and Rs 20,000 in the tenth year. The instalments of repayment would range from Rs 32,000/- in the 1st year to Rs 21,200/- in the tenth year. For these annual instalments the following resources are proposed -

	Rs
(a)	
(i) New increase of toll revenue by levying toll on busses instead of vehicle tax and compounding the toll at Rs 120/- per annum on each bus (passed by the Council yesterday)	7 200
(ii) Increase of 50% in the rates of toll revenue on motor cars and cycles (passed by the Council yesterday)	2 000
(b) The present annual contribution from D P W to the Municipality for provincial roads (Vide Government Order No dated)	5 000
(c) Contribution from the Trust Board for tarring roads already passed by the Trust Board	5 000
(d) Annual savings in metalling and blindage charges on 14 miles of metalled roads	6 000
(e) Further contribution expected from the Trust Board	2, 500

	Rs 27 700 or
in round figures	Rs 28 000

Thus resources could be easily made available for about - -
Rs 28 000 per annum without straining the Municipal finances as

ga nst the instalments due to Government ranging from Rs 32 000
to Rs 21 200 in the last year

The Financial Secretary told me at Bangalore when I met him
last that the Council might ask for even 2 lakhs so long as --
interest at 6% is agreed to be paid to Government

The detailed estimates are being prepared and formal proposal
will be sent up to Government for sanction as early as possible

Yours sincerely

With reference to letter of 6.1.1930/ dated 11th
April 1930, addressed to you from the President, City Municipal
Council Mysore I have the honour to forward herewith for favour
of sanction, an estimate amounting to Rs. 16,000/- (as scrutinized
in this office) for the above work (together with other en-
closures) received from the President

In this connection, it has to be observed that sand cannot
be used with spray. If spray is used quarry chips must
be used. Sprayax bleeds out in the hot weather and does not
stand heavy traffic and the method of spraying is complicated and
unsatisfactory, as the pump which works the spray gets out of order.
I consulted Mr Murphy (Executive Engineer, C.W. Station) who has
had experience in this kind of work for a number of years, and he
recommends Trinidad Asphalt with sand if no quarry chips are avail-
able, consolidation of metal being done with a small quantity of ---
gravel before asphaltting.

The rate of Rs. 100 per sq yd for sprayax is suitable
for Bangalore, but it is unworkable for Mysore. It has, therefore,
been increased to Rs. 150 per sq yd providing asphalt.
